PRS RF**

**INSTANT FEEDBACK AT YOUR  
FINGERTIPS—**

*engage and immerse your students in  
a way you never thought possible.*

# INTERWRITE™ PRS RF

**Interwrite™ PRS RF** is the most robust student response system on the market, giving educators a platform to engage their students with questions, prior to, during, and after a lesson has been taught. Ask your students more than multiple choice or true/false questions—find out what they really know!

**Interwrite™ PRS RF** combines interaction and assessment to enhance classroom productivity. Whether you use **Interwrite™ PRS RF** for taking attendance, quizzes and tests, or for lesson review, you can focus more of your time on teaching and less of your time on paperwork and grading.

## Highlights:

- Available in Radio Frequency (RF) for large classes or lectures.
- Two line LCD Screen for answer display and status message.
- Tailor your Interwrite™ PRS RF solution to meet your individual needs by buying only the number of Clickers and Receivers that you require.
- One-time cost for Clickers—with no recurring fees!

## Response Software Gives You:

- Easy to use—create questions in Response, PowerPoint™, or any application with our Impromptu mode.
- Variety of question formats: multiple choice, true/false, numeric, short answer, multiple correct, rank order, decimal point, fractions and positive/negative numbers so the technology doesn't dictate how you assess.
- Homework mode allows you to send a test home with your students and have them automatically upload the answers when they enter the class.
- Self paced mode allows students to take higher stakes test without the bubble sheets.
- Saves time in grading—instantly mark results!
- Automatic attendance monitor—instantly know who's attending class.
